Year 6 Swimming Lessons

Dear Parent/Carer,

Your child has been highlighted as requiring additional swimming lessons to achieve the National Curriculum objectives. The top-up swimming lessons will take place at **Plympton Swimming Pool** for a period of two weeks from **12th-23rd June**. Your child should aim to arrive at school promptly at **8:40am** during these dates ready for the coach to depart at 8:45am. They will then participate in a 30-minute swimming lesson from 9:30am-10am to learn to swim, gain water confidence and try new aquatic skills within an intensive two-week period. The lessons will be delivered by a highly trained and qualified team of teachers and assistant teachers, so you can be confident that your child will be provided with quality teaching in a safe and fun environment. Things you should know:

- Your child will attend a 30-minute lesson every morning for two weeks.
- Shoulder length or long hair should be tied up.
- All swim shorts must be above the knees.
- We ask for girls to wear one-piece costumes.
- We recommend all jewellery to be removed prior to the lesson.
- We do allow the use of goggles.

Yours sincerely

Mr Peacock
