Harvest Festival 2025

Dear Parents/Carers,

Harvest is an important date in the Lipson Vale Primary School calendar when we focus on thinking of others through our own actions. On 22nd October, the whole school will be taking part in our Harvest Festival. We will be holding a special assembly where we will think about the meaning of harvest and give thanks for all that we have.

As is traditional at harvest time, we will be asking for donations from our community that will be given to St Paul's church in Efford. St Paul's support many families in our local community with food parcels and our support will help them to continue to do this now and in the future.

In addition, we plan to keep back some donations so that we are able to offer a small amount to our Lipson Vale families when needed.

St Paul's have requested the following items (some of which they are very short of):

Peas, UHT milk, gravy granules, tinned fruit, sugar, tea, coffee, chocolate biscuits, small water bottles, tuna, corned beef, pasta, bolognaise sauces.

St Paul's, of course, are grateful for any food donations and will make good use of anything that you are able to provide.

We are opening our collection of items **from today** until the day of the Harvest festival (although we would love to have the majority of donations in beforehand).

Our Harvest Festival will take place on **22nd October 2025**.

Thank you, in advance, for your generosity. We know that times are challenging at the moment so please only donate if you are able to.

Kind regards

Peter Lewis-Cole
Headteacher

Together we are inspiring a community with a bright future
