## Introducing our new PSA

Hi families of LVPS! I am Christie Grosvenor and I am going to be the new Parent Support Advisor in school.

I have gained lots of experience working with children, young people and their families throughout my time working for Young Devon and within the Complications of Excess Weight (CEW) service for the NHS. I am a qualified Children's Wellbeing Practitioner, experienced youth worker and (nearly) qualified counsellor.

I fundamentally believe that all good things are built upon building positive relationships first. Supporting the whole family is something I feel is hugely important. I approach my work with care, compassion, empathy and without judgement.

I am passionate about working with children and families and supporting them to get through the tricky stuff (emotionally and logistically), make healthier choices, foster positive environments and relationships to help everyone achieve the best outcomes possible.

As a parent who has also been bringing children to this school for 13 years now, I have seen it grow and develop into the amazing setting it is today and I am really excited to now be a part of that.

As you see me around school grounds, please give me a wave, come over and say 'Hi' – I really look forward to meeting you all and supporting you as families, to get the best experience possible from your time at LVPS.

## WHO WE ARE

Plymouth Hygiene Hub is a new joint social action project between: Transforming Plymouth Together, Peninsular Dental Social Enterprise and a number of local churches.

## WHAT WE DO

We provide low cost hygiene products and basic dental health advice to families in need.

**No referral is required.**

## HOW DOES IT WORK?

Parents and carers can sign up for an annual membership of £1.50. New members get a free dental kit with toothpaste and toothbrushes. After that, members can return every 6-8 weeks, and receive further supplies for a modest contribution.

Looking ahead, we hope to introduce more low cost hygiene products, but for now we are focussing on dental health.

## WHERE CAN I FIND OUT MORE?
